

RURAL COVERAGE

Small Cell Technology

SUPPORTING RURAL COVERAGE: TRADITIONAL DEPLOYMENTS

EE wants to expand rural coverage but traditional mobile sites can be:

- Extremely expensive
- Slow to deploy
- Limited by backhaul availability
- Restricted by planning permission
- Limited by landscape affecting the signal

Rosthwaite 4G Combined EOY2017

Example - Residential

Example - Residential

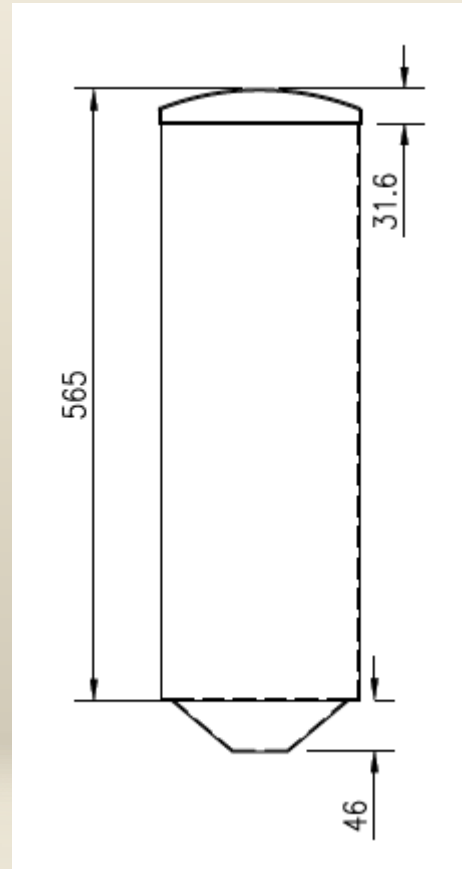

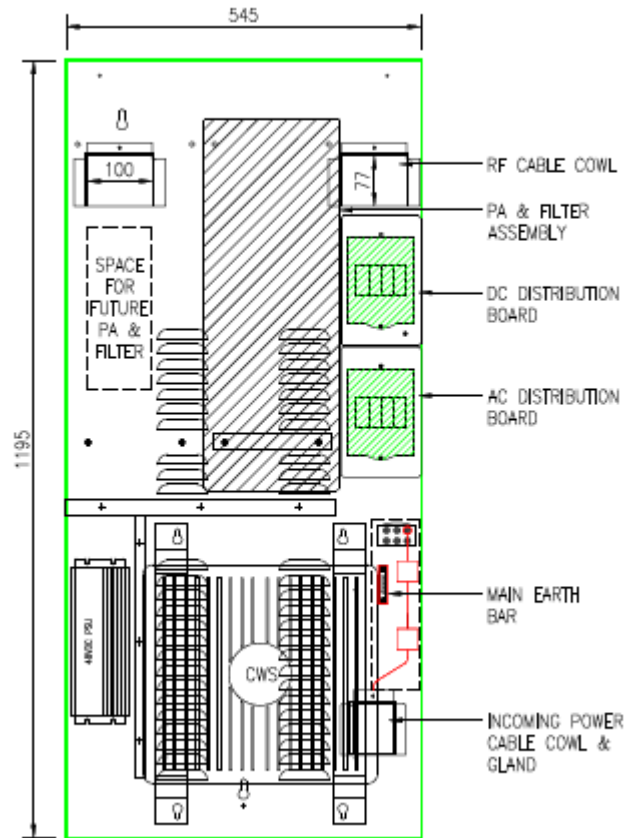

Example – Commercial/Industrial/Agricultural

Example – Commercial/Industrial/Agricultural

Hardware sizes – Cabinet & Antenna
